I am a motivated individual who demonstrates great knowledge in HTML, CSS, native JavaScript, React. Results-oriented professional with a successful record of cross browser semantic adaptive layout. Flexibility is one of my main features that is why I can adapt to any working conditions. Due to my ingenuity and strong analytical thinking I can find simple solutions to complex problems. I am an "eternal student" so can learn new things easily. I am eager to be a highly qualified specialist and always improve my skills.
